Allowance Guide by Age

Starting points only. Pick what fits your budget and your kids.

- [ ] Ages 4 to 5: a few coins a week in clear jars so they can see it grow. Learning goal: money is for choosing.
- [ ] Ages 6 to 7: $3 to $7 a week. Split into spend, save, and give. Learning goal: waiting for something you want.
- [ ] Ages 8 to 9: $5 to $9 a week. Add one or two paid extra jobs. Learning goal: work and money connect.
- [ ] Ages 10 to 12: $8 to $12 a week. Kid covers a few small costs, like snacks out or game add-ons. Learning goal: a budget.
- [ ] Common rule of thumb: about $1 per year of age per week. Half that is fine. Consistency matters more than the amount.
- [ ] Family chores (bed, dishes, tidy up) are not paid. Extra jobs can be.
